Where and when can I see what you need to store. Victor of course says he has no room for even a lunchbox but he's mistaken. If I can see what needs to be stored I can make a better decision for Victor.

Victor may have some space next week. I'll check with him and see if he can accommodate.

Hi Bob,

Wondering if you have space to store 2 spare panels we had manufactured for the Pico Station Improvements, just until we move into the new office. They're relatively small (21 sf: 7 feet wide, 3 feet deep, 45 inches high) but pretty heavy so ideally they'll sit in a spot where they don't have to be moved.

Let me know if you can accommodate.

Thanks,

Ellen
